I have been a resident of Lake Arrowhead for 6 years and been a member of the Board of Directors in charge of fundraising since 2020.

The fundraising committee and I have been successful in 2 annual shredding events. We have increased sales of the annual Christmas ornament by 30% in this time. The committee also took over the annual Christmas Party at The Clubhouse.

The Committee and I have made great strides in new ways to raise funds for the Board's expenses.

I am asking to continue this momentum and bring new ideas to the community.
