

Robert McGurk

243 White Antelope Street

Waleska, GA 30183

My wife and I purchased property in Lake Arrowhead in 2012, and have been full time residents since 2014.

I'm a retired executive from Turner Broadcasting System, Inc. with extensive budget and management experience. I'm active in the community with the Men's Golf Association, and support a variety of local charities including the Kathy B Davis Foundation and Angel House and I have served on the LAPOA Election and Nominating Committees and the Golf Committee.

I'm running for a position on the Board because I believe in this community. I am familiar with the history of Lake Arrowhead and know what the LAPOA Board can and cannot do and as a result, I believe I bring a realistic approach to the position. I know for example, the Covenants should be updated, but cannot be eliminated and while unpopular, our POA dues must increase with inflation to avoid the trap we were in a few years ago with not enough money to provide adequate necessary services. Working with the Declarant is a negotiation, not a rubber stamp of approval because historically, not all of the development ideas have been in the best interest of LAPOA and not all the projects undertaken have been effectively managed.

If you agree with my thoughts and beliefs, I would appreciate and welcome your vote.
